

PROXY FORM

MEDSHIELD
medical scheme

A copy of the signed proxy form and a certified copy of your identity document must be returned to: **The Principal Officer, Medshield Medical Scheme, PO Box 4346, Randburg, 2125 or Telefaxed to 010 597 4900 or E-mailed to agmproxy@medshield.co.za, to reach the Scheme on or before 16h00 on Friday, 04 September 2020.** As the Scheme will be hosting a Virtual AGM (VAGM) the proxy submission process is commencing earlier than normal to allow sufficient time for Proxy validation prior to the opening of online voting.

We request members to take note of the following Rules that are applicable to the Proxy Appointment Process in relation to both the VAGM and online voting. By submitting this form to the Scheme, the Proxy Appointer agrees that he/she has noted and adhered to these Rules.

- Only Principal members in good standing may appoint another Principal member in good standing as a proxy;
- The proxy is applicable for voting for trustee election and voting on resolutions/business of the day as set out in the VAGM agenda. This means that a member who appoints (**Proxy Appointer**) another member as a proxy (**Proxy Holder**) grants the Proxy Holder the mandate to vote for trustees and on the VAGM agenda items. The Proxy Appointer may only **appoint one Proxy Holder**;
- The Proxy Holder may only **hold one Proxy**. It is therefore vital for the Proxy Appointer to discuss the granting of the proxy with the Proxy Holder before completing this form. If the Proxy Holder already holds a proxy for another member, the proxy will be rendered invalid;
- Once a member has appointed a Proxy Holder, the Proxy Appointer cannot vote in either the resolutions or the election process, as this effectively means he/she has given their right to vote to the Proxy Holder;
- The Proxy Appointer is precluded from voting and attending the VAGM; and
- Each proxy form must be signed by the appointing Principal member (Proxy Appointer).

All information required on the proxy form must be completed. Failure to do so may invalidate the proxy form. All information supplied on the completed proxy form shall be verified. Decisions made by the Scheme in respect of the validity of submitted proxy forms will be final and binding.
