Medshield, where your healthcare journey and our commitment intertwines
Medshield Medical Scheme - Your Healthcare Partner for Life

Established in 1968 we are a trusted name in the healthcare cover industry. As a member of Medshield you can Live Assured knowing you have a healthcare Partner for Life.

- **Affordable Benefit Options** (9), innovatively designed to provide consistent cover for different healthcare needs and trends throughout life.
- **Highly effective managed care programmes** focussing on members’ health and wellbeing.
- **Solid relationships with healthcare professionals and hospital groups** nationally enable easy access to care.
- **Innovative healthcare programmes** and extra value benefits focusing on members’ health and wellbeing.
- The Scheme has a commitment to service excellence embodied in the **tailor-made approach to servicing and client retention activities**.
- The Medshield website login zone and the Mobile App online platforms are available to service our members, at their convenience – 24/7.
- The Council for Medical Schemes (CMS) confirmed **Medshield’s Self-Administration Accreditation**. This means that we are able to keep our member contributions low, whilst ensuring the financial stability of the Scheme since we do not pay a separate organisation to administer the Scheme.
- As a **not-for-profit entity**, we are solely constituted for our members. Medshield has a very low administration fee.
- Medshield is **ISO 9001:2015 certified** which means our Quality Management System is of International Standard and delivers on member satisfaction – proving that our service structures is effective.
- The Scheme is **accredited as a Financial Services Provider** with the Financial Services Conduct Authority. This enables our registered representatives to provide financial advice to members to suitably address their unique, individual healthcare needs.
- Medshield has a **proven claims-paying ability** with an AA- GCR-rating for the 16th consecutive year.
- **Strong solvency rate/reserve is testament to financial stability** enabling the Scheme to subsidise portions of the annual contribution increases and provide **more benefits to members at a lower cost**.
PremiumPlus Benefit Option

PremiumPlus provides mature families and professionals with unlimited hospital cover in a hospital of their choice, with In-Hospital Medical Practitioner consultations and visits paid at 200% Medshield Private Tariff, and the freedom to manage daily healthcare expenses through a comprehensive Personal Savings Account and extended Above Threshold Cover.
Important Member Information

Information members should take note of:

Carefully read through this Guide and use it as a reference for more information on what is covered on the PremiumPlus option, the benefit limits, and the rate at which the services will be covered:

Hospital Pre-Authorisation
You must request pre-authorisation 72 hours before admission from the relevant Managed Healthcare Programme.

Hospitalisation Cover
Cover for hospitalisation includes accommodation, theatre costs, hospital equipment, theatre and/or ward drugs, pharmaceuticals and/or surgical items.

Chronic Medicine Benefits
Registration and approval on the Chronic Medicine Management Programme is a pre-requisite to access this benefit.

Day-to-Day Benefits
Consist of a Personal Savings Account for Out-of-Hospital services, a Self-payment Gap Cover and Above Threshold Benefit will apply on specified benefits.

Co-payments
Some procedures might attract co-payments – review this Guide to obtain information on these services, or call the Medshield Contact Centre.

Scheme Rules/Protocols
Pre-authorisation is not a guarantee of payment and Scheme Rules/Protocols will be applied where applicable.

Designated Service Providers (DSPs)
The Scheme uses DSPs for quality and cost-effective healthcare. Make use of the applicable DSPs to prevent co-payments.

Networks
Use the relevant Medshield Networks where applicable to avoid co-payments. These are available on our online tools e.g. website and Member App, or from the Medshield Contact Centre.

Gap Cover
Gap Cover assists in paying for certain shortfalls not covered by the Scheme based on the Scheme Rules. Assistance is dependent on the type of Gap Cover chosen. Medshield members can access Gap Cover through their Brokers.

Online Services
It has now become even easier to manage your healthcare! Access to real-time, digital applications allow members to access their medical aid information anywhere and at any time.

1. The Medshield Login Zone on www.medshield.co.za.
2. The Medshield Member App: Medshield’s Apple IOS app and Android app are available for download from the relevant app store.
3. The Medshield Short Code SMS check: SMS the word BENEFIT to 43131, and receive a summary of available benefits. Mobile charges may apply.
4. Medshield E-Card: SMS the word “card” to 44292 and you will get an immediate response with a link to your electronic card. To open the link use the pin sent to the phone number registered with Medshield. Mobile charges may apply.

Use these convenient channels to:
- View your membership card digitally
- View your monthly statements
- View your current claims
- Submit a new claim
- Submit a query
- Update your contact details
- Access the document library
- View your authorisations
- Request a dental or hospital authorisation
- Access your tax certificate and member certificate
- Access the Provider Locator to search for healthcare professionals or establishments
- View the Scheme Rules; and
- Access the Virtual GP Consultation platform
Medicines paid at 100% of the lower of the cost of the SEP of a product plus a negotiated dispensing fee, subject to the use of the Medshield Pharmacy Network, relevant Chronic Medicine Networks and Managed Healthcare protocols.

Treatment and consultations will be paid at 100% of the negotiated fee, or in the absence of such fee, 100% of the lower of the cost or Scheme Tariff.

Extended Benefit Cover (up to 200%) will apply to the following In-Hospital services (as part of an authorised event):
- Surgical Procedures
- Confinement
- Consultations and visits by Family Practitioners and Specialists
- Maxillo-facial Surgery
- Non-surgical Procedures and Tests

*No In-Hospital Endoscopic procedural co-payment applicable for children 8 years and younger.
Medshield Hospital-at-Home Benefit

All Medshield members are entitled to cover for Prescribed Minimum Benefits (PMBs), irrespective of your chosen benefit option. Medshield’s Hospital-at-Home service, delivered by Quro Medical, offers safe alternatives to hospitals as the centres of patient care and management. The Hospital-at-Home service gives members the option to receive active treatment for a specified period at home instead of a general hospital ward, without compromising on the quality of care.

Hospital-at-Home will not replace the quality care that only a hospital can provide, but should be seen as a complementary service in specific instances. In fact, research shows that patients recover better and faster in their own homes – resulting in improved health outcomes and a more positive experience. Some patients are more vulnerable to hospital-acquired infections and developing new health complications. Therefore, they may benefit from receiving care at their home. Patients eligible for Hospital-at-Home are those who would usually need admission in a hospital general ward.

Quro Medical works closely with each patient and his or her treating doctor to develop a personalised treatment plan that can be delivered at home. During treatment, a patient’s medical needs may change and, if necessary, treatment plans would be amended accordingly. The Quro Medical clinical team schedules regular home visits, daily or more frequently, depending on individual need, to deliver the treatment and care required. Other channels are also available that give patients access to advice and support outside of home visits.

Elements of care provided through the Hospital-at-Home service:

- Your doctor can monitor your condition day and night using digital technology. Additionally, the service provides real-time hospital-grade monitoring at home by continuously collecting vital sign data (usually monitored in the hospital) wirelessly and automatically, and this data is closely monitored by a team of healthcare professionals in a 24-hour medical command centre.
- Intravenous therapy
- In-person and virtual visits
- Skilled nursing
- Access to laboratory services, allied healthcare services e.g. physiotherapy, and short-term oxygen
- Rapid response protocols – if a patient’s condition should worsen during treatment, the clinical team from Quro Medical will identify such changes and make the necessary arrangements, which may include an increase in visits, early review by the treating doctor and, rarely, transfer to hospital

Benefits of Hospital-at-Home

- Faster recovery and a better healthcare experience
- Care tailored towards the member’s individual needs
- Recovery in a comfortable and familiar environment
- Fewer health complications and re-admission

This service will be funded from members’ Alternatives to Hospital benefit in line with hospital benefit management protocols. At home treatment and monitoring is an alternative to a hospital admission and requires the consent of the patient. Members can either be referred to Quro Medical by their treating doctor, or they can request this service from their doctor when general ward admission is considered, or when they wish to be relocated to the home earlier during a hospital admission. Please note that this service needs to be pre-authorised and approved through the hospital pre-authorisation process by emailing preauth@medshield.co.za.

This is just the latest innovation that the Scheme has added to ensure our members always have access to safe, convenient and quality care when they need it most.

For more information, please call Hospital Benefit Management on 086 000 2121 and follow the prompts.

## Chronic Medicine Benefits

Covers expenses for specified chronic diseases which require ongoing, long-term or continuous medical treatment.

### BENEFIT CATEGORY

- The use of a Medshield Pharmacy Network Provider is applicable from Rand one. 
- Supply of medication is limited to one month in advance.

### BENEFIT LIMIT AND COMMENTS

- R17 325 per beneficiary per annum limited to R34 650 per family per annum. Medicines will be approved in line with the Medshield Formulary, within and above limits.
- Levies and co-payments to apply where relevant.

**Registration and approval on the Chronic Medicine Management Programme is a pre-requisite to access this benefit.** If the Chronic Medicine requirements are not registered and approved, it will pay from the Acute Medicine benefit.

Contact the Managed Healthcare Provider on 086 000 2120 (+27 10 597 4701). Medication needs to be obtained from a Medshield Pharmacy Network Provider.

**30% Upfront co-payment**

will apply in the following instances:

- Out-of-formulary medication voluntarily obtained.
- Medication voluntarily obtained from a non-Medshield Pharmacy Network Provider.

**Re-imbursement at Maximum Generic Price**

or Medicine Price List and Medicine Formularies. Levies and co-payments to apply where relevant.

This option covers medicine for all 26 PMB CDLs and an additional list of 54 conditions.
### How to apply for your Chronic Medicine

If you have been diagnosed with a chronic condition you will require long-term medication. It is important to register your chronic medication so the payment of your medicine can be covered from your Chronic Medicine benefit and not your Day-to-Day allocation or Savings.

Follow these easy steps:

**STEP 1**
Your doctor or Pharmacist can call Mediscor on **086 000 2120** (Choose option 3 and then option 1) or email medshieldauths@mediscor.co.za.

You will need the following information:

- Membership details: Benefit Option name and your membership number
- Patient details: Name, Dependant code (on the back of your membership card) and date of birth
- Your Doctor's details: Initials, surname and practice number
- Diagnosis details: What chronic condition has been diagnosed and the ICD-10 code
- Prescribed medicine: Medicine name, strength and dosing frequency

*If additional information or a motivation is required, we will contact you and/or your treating doctor.*

**STEP 2**
Your registration will be evaluated in line with the Scheme Rules and Protocols by in-house qualified and registered pharmacists and pharmacy assistants.

Your application will be processed according to the formularies appropriate for the condition and Benefit Option. Different types of formularies apply to the conditions covered under the various Benefit Options. You can check online if your medication is on the formulary for your Benefit Option by visiting [www.mediscor.co.za/search-client-medicine-Formulary/](http://www.mediscor.co.za/search-client-medicine-Formulary/). If your medicine is not on the formulary for your Benefit Option you can ask your doctor if there is an alternative available that is on the formulary otherwise you will be liable for an upfront co-payment.

**STEP 3**
You will receive a standard medicine authorisation and treatment letter once your application for chronic medication have been processed.

If your registration requires additional test results or a motivation, you should follow up with your treating Doctor to provide this information.

**STEP 4**
Take your script to the Chronic Medicine Designated Service Provider (DSP) Network for your Benefit Option and collect your medicine or have it delivered to your home.

Especially for Medshield MOMs

Motherhood is so much more than giving birth to a child. It’s loving and knowing a soul before you even see it. It’s carrying and caring for a life completely dependent on you for survival. It’s giving air to the lungs that grew within you, and sight to the eyes that will look to you for answers to life’s questions.

The Medshield MOM dedicated website will assist women on their journey to motherhood, through all the various stages of pregnancy, birth and postpartum, ensuring that parents and parents-to-be are aware of the pregnancy-related benefits they enjoy as Medshield members.

The website, www.medshieldmom.co.za is an easy-to-use online resource to access a hub of important content related to health, fitness, nutrition, the body, motherhood, babies, toddlers and more, all suited to the pre- and post-partum phases.

Moms may register and input the particular week of their pregnancy journey, and they will start receiving content based on that specific time frame and moving forward.

The Medshield MOM bags are locally manufactured, using sustainable, recycled material. These unique bags are packed with fantastic Bennetts products for your little one. Moms can get in touch with us during their third trimester to book a bag. Email medshieldmom@medshield.co.za with your request, membership number, contact details and delivery address.

The Bennetts and Medshield MOM partnership also brings you incredible content and information to assist you along your journey.

Medshield walks the pregnancy journey alongside our moms. A health cover partner that is committed to mom care and new life, ensuring that the next generation of South Africans are all born healthy, happy and stay that way.

</tr>
</tbody>
</table>

*Maximum Child Dependant Accumulation to the Threshold and Above Threshold Benefit Amount will be limited to three children*

**Benefit utilisation and how to access these benefits**

**STEP 1**
**PERSONAL SAVINGS ACCOUNT (PSA)**

- You will have access to your Personal Savings Account (PSA), which consists of 20% of your monthly contributions, allocated annually in advance (January to December)
- Your PSA allocation is determined by your family size
- Your PSA will be used to cover your Day-to-Day benefits
- Once you and your dependant/s have exhausted your PSA, the Scheme has made an Above Threshold Benefit available that becomes applicable once you have reached the Threshold amount set by the Scheme

**STEP 2**
**SELF-PAYMENT GAP (SPG)**

- The Threshold amount is determined on an annual basis by the Scheme and some selected benefit categories claims accumulate to the Threshold amount
- In the event that your savings run out and you have not reached your Threshold amount, you will enter what is known as a Self-Payment Gap
- Self-Payment Gap means you will be liable for payments of Day-to-Day medical expenses until you reach a threshold, meaning you will continue paying your claims from your pocket or your accumulated PSA up to the specified amount
- Not all claims payable from your PSA or other Day-to-Day benefit categories accumulate to your threshold and Self-Payment Gap. Only claims marked on this brochure in accordance to Scheme rules will accumulate
- The Self-Payment Gap will accumulate on Scheme tariff only
- The Self-Payment Gap varies according to the family size, up to a pre-determined limit
- You must continue to submit your claims even if you are in the Self-Payment Gap stage for your payments to reflect on the system in order for the accumulation to happen
- Once you reach the Threshold amount you can then access to the Above Threshold Benefits

**STEP 3**
**ABOVE THRESHOLD BENEFITS (ATB)**

- Above Threshold Benefits is the next layer of benefits you can access once you reach your Threshold
- The Scheme will pay for specified Day-to-Day medical expenses from the Above Threshold Benefit up to a pre-determined limit and not from Savings
- All claims will be paid in accordance to the Scheme tariff
- The Above Threshold Benefit limit also varies according to the family size
- Once you have exhausted your Above Threshold Benefit and you have additional savings available, your claim will continue to be paid from Savings

**Above Threshold Benefits (ATB) will be paid for the following benefits:**

- Medical Specialist
- Family Practitioner (FP)
- Acute Medicines (excluding over the counter medicine)
- Basic Dentistry and Specialised Dentistry
Visit your Doctor without leaving your home!

VIRTUAL FAMILY PRACTITIONER CONSULTATION
You can now consult with a qualified Family Practitioner (FP) via computer, smartphone or tablet from the comfort of your home or private space - all you need is an internet connection!

Our partnership with Intercare gives all members reliable and secure access to video consultation with a FP through our Virtual FP Consultation portal on the home page of the Medshield website.

HOW DOES IT WORK?

STEP 1
Click on the link on the Medshield home page at www.medshield.co.za and follow the Virtual Family Practitioner Consultation link. (see image below)

You can also use the Medshield App. A SmartCare icon is available under Member Tools. Select SmartCare and a new screen will open with the Virtual Consultation link.

The Medshield Member App is available for download from the relevant Apple IOS, Android or Huawei store.

STEP 2
Once you followed the link you need to enter the patient details on a virtual form. After submitting the form a system check confirms that you are a valid member and that you have benefits available. Your benefits is included in your Family Practitioner: Out-of-Hospital benefits for your Benefit Option.

STEP 3
You will receive a SMS with an OTP on the number you have entered on the form. By entering the OTP, you consent to the Virtual Consultation and you will be placed in a queue for the next available Doctor to consult with you.

STEP 4
During the consultation the Family Practitioner might suggest a sick note, or prescribe medicine and will email this to you to the address you added in Step 2 on the Patient Detail form.

STEP 5
Please note that only scripts up to and including Schedule 4 medication may be e-mailed to a patient. Higher scheduled medicine will only be accepted by pharmacies enabled with electronic scripting. The consulting Doctor can provide further guidance.

Prescribed Minimum Benefits (PMB)

Introduction
All Medshield members are entitled to cover for Prescribed Minimum Benefits (PMBs), irrespective of your chosen benefit option. Medshield covers the cost of treatment for a PMB, provided that the services are rendered by a provider that is one of Medshield’s Designated Service Providers (DSP) and according to the Scheme Rules.

This document provides detailed information on how Medshield covers PMBs, both if you are admitted to hospital (In-Hospital) or receive treatment without being admitted to hospital (Out-of-Hospital).

Please note that PMBs have specific requirements according to the Scheme Rules, and these vary depending on your chosen benefit option. It is therefore important that you take note of your benefit option and the PMB requirements pertaining to your option, as detailed in this Guide.

What is a Prescribed Minimum Benefit (PMB)?
The Medical Schemes Act 131 of 1998 stipulates that all medical schemes have to cover the costs related to the diagnosis, treatment and care of the following:
1. Any life-threatening medical emergency
2. A defined set of 26 Chronic Disease List (CDL) conditions
3. 271 DTP diagnoses

The Council of Medical Schemes website at www.medicalschemes.co.za/resources/pmb/ provides the list of conditions identified as Prescribed Minimum Benefits.

Explaining the various terms and what they mean when talking PMB’s

<tr>
<td>Care Plan</td>
<td>A plan with details of approved treatment, Doctor visits, pathology, radiology etc. to treat your condition. For the 26 CDL conditions and the 271 DTP (Non-CDL conditions) an annual Care Plan will be generated upon approval of a PMB application. The PMB application form is available on <a href="http://www.medshield.co.za">www.medshield.co.za</a>. <strong>Important:</strong> If you need additional treatment or benefits than what is stipulated on the Care Plan, you need to apply to the Scheme. (Please refer to the ‘Your Medshield Cover for PMB’ section of this document for more details per benefit option).</td>

| Co-payment | This is an amount that you need to pay towards a healthcare service/or treatment.  
- A co-payment can be levied on specific procedures/services/treatment, and is specified in your specific option’s benefit guide available on www.medshield.co.za.  
- A co-payment is also the difference between the cost of the service provider and the amount the Scheme pays, as detailed in your option’s benefit guide.  
To minimise co-payments it is important that you obtain healthcare services from the dedicated DSPs on the various networks for your chosen benefit option, available on www.medshield.co.za. |
| Day-to-Day Limit | The Day-to-Day limit is an allocation to members from Risk. The Day-to-Day limit is available on the MediBonus, MediPlus Prime & Compact, MediValue Prime and Compact and the MediPhila benefit options. |
| DSP Designated Service Providers | Each benefit option has specific networks of Designated Service Providers, which are healthcare providers (such as doctors, specialists, pharmacies, hospitals, optometrists and dentists) who provide treatment to Medshield members at a contracted rate.  
You are encouraged to use only these DSP’s for healthcare services to ensure that you don’t have to pay co-payments. Visit www.medshield.co.za and click on Member Networks under the Member tab or click on Networks on the Medshield app to view the full list of DSPs per benefit option. |
| DTP Diagnosis and Treatment Pair | A Diagnosis and Treatment Pair links a specific diagnosis to a treatment based on best practice healthcare and affordability of the treatment, and broadly indicates how these 271 DTP PMB conditions should be treated.  
Should there be a disagreement about the treatment of a specific case, the standards (also called practice and protocols) in force in the public sector will be applied. |
| Hospital Plan | Medshield’s Hospital Plan (MediCore & MediSwift) do not have a Savings or Day-to-Day Limit. |
**TERM** | **DESCRIPTION AS IT RELATES TO PMBs**
--- | ---
In-Hospital | Treatment received whilst admitted in a hospital.
ICD-10 | ICD-10 code is an international diagnostic coding standard owned and maintained by the World Health Organisation (WHO).
Out-of-Hospital | Treatment received without being admitted to a hospital.
PMB | The Medical Schemes Act 131 of 1998 stipulates that all medical schemes have to cover the costs related to the diagnosis, treatment and care of a defined list of conditions. These conditions are available on the Council for Medical Schemes’ website at [www.medicalschemes.co.za/resources/pmb/](http://www.medicalschemes.co.za/resources/pmb/).
PMB Level of Care | The treatment needed for your PMB condition, based on the guidelines and established practices at most public hospitals or government facilities.
Risk (OAL) | The Scheme covers the costs, and it is not taken from your benefits as shown on your option’s benefit guide.
Related Claims | Any claim from a healthcare service provider other than the hospital account, for one specific healthcare event and treatment/services that stems from that event.
Savings | Personal Medical Saving Account consist of actual contributions received from members. These are available on the PremiumPlus and MediSaver benefit options.
Scheme Rules | According to the Medical Schemes Act, the Scheme Rules of a medical scheme shall be binding on both the Scheme and its members. The Rules contain the exact details of benefits payable by the medical scheme and include the specific benefits pertaining to each benefit option, the rate of reimbursement, sub-limits or co-payments that may apply, exclusions, the use of DSPs etc. All medical scheme memberships are governed by the Rules of the medical scheme that regulate the relationship with all members equally. The Scheme Rules can be requested via the Medshield website on [www.medshield.co.za](http://www.medshield.co.za).

**Important checklist about accessing benefits for a PMB condition**
- The condition must qualify as a PMB and must be on the Chronic Disease List or 271 DTP, or a life-threatening medical emergency
- When diagnosed your treatment must match those in the defined benefits available on the PMB list. Check whether your chosen benefit option qualifies as PMB Level of Care payment or PMB, as some options allow richer treatment than what is specified as PMB Level of Care
- It is important to use the Designated Service Providers as specified on your chosen benefit option. If your option has preferred networks for chronic medicine, hospitals, pharmacies or healthcare providers, you have to obtain services from those providers otherwise you might be liable for a portion or the whole cost, or it might pay from your Day-to-Day allocation or Savings portion
- Scheme Rules apply – even if your condition is identified as a PMB you have to follow the rules as set out by your benefit option
- Review the requirements in this Guide to ensure you complete a PMB application form when required

**Your Medshield Cover for a PMB**
PMB cover can be divided into 2 groups:
1. In-Hospital admissions for the treatment of a PMB
2. Out-of-Hospital management of a PMB condition
1. In-Hospital admissions for the treatment of a PMB

If you are diagnosed with a PMB condition that requires hospitalisation, you have to follow the Medshield hospital authorisation process. All costs for stay and treatment has negotiated rates so it is important for you to use a hospital that is part of the Hospital Network on your chosen benefit option. Specialist services obtained whilst admitted is paid at the Scheme rate. If the Scheme rate does not cover the full amount of the claim, you need to apply to the Scheme and request that the Specialists rate be paid at cost instead of the Scheme rate via pmbapplications@medshield.co.za. The Scheme will review the request and might request additional information.

2. Out-of-Hospital treatment and management of a PMB

26 CDL CONDITIONS

If you have been diagnosed with a condition that forms part of the CDL list:

• Apply to Mediscor to obtain authorisation. Contact details are available on the Scheme website at www.medshield.co.za.

• If your condition changes or you require additional treatment after the treatment on your Care Plan has been used, you need to complete a PMB Application form together with your treating provider to obtain authorisation and approval. The PMB Application form is available under the member tab of on the Scheme website at www.medshield.co.za.

• If approved, you will receive a new Care Plan with the additional treatment specified.

It is important to note that payment for these conditions are benefit option specific:

• MediBonus, MediPlus Prime and Compact, MediValue Prime and Compact, MediPhila
  The Day-to-Day limit on your benefit option or plan is an allocation given to members from Risk. Therefore a PMB will pay from your Day-to-Day limit until it is depleted then pay from Risk until the allocated services on your Care Plan has been used. If you require additional services that is not listed on the Care Plan, you together with your treating provider, need to complete a new PMB Application form. (Clinical Protocols apply).

• PremiumPlus, MediSaver
  Personal Medical Savings Accounts consist of actual contributions received from members, and therefore the costs of the treatment detailed on the Care Plans are paid directly from Risk (OAL). If a member has paid out of pocket for services that was approved and appear on the Care Plan, then the member can request the Scheme to reprocess those claims. It is important to note that this applies only to the services listed on the approved Care Plan.

• MediCore, MediCurve and MediSwift
  The costs of the treatment detailed on the Care Plans are paid directly from Risk (OAL). For additional treatment members need to complete a PMB application form.

271 DTP CONDITIONS

• Members on all options that has been diagnosed with a DTP condition need to, together with their treating doctor, complete a PMB application form with details of treatment required.

• If you do not complete a PMB Application form the treatment will be paid from your available Day-to-Day or Savings, and if depleted you will be liable for the costs.

• Submit the PMB Application form to pmbapplications@medshield.co.za.

• Once clinically reviewed and approved you will receive a Care Plan (treatment plan) which details the approved treatment that are covered for your condition.

COVID-19 as a PMB

Covid-19 is included under the respiratory DTP PMB conditions. When you suspect that you have COVID-19, you will most likely go to a doctor to be diagnosed and after the consultation may be required to do a COVID-19 PCR or SARS-CoV-2 Antigen test. You will need to be referred by a registered healthcare practitioner (Doctor or Nurse) in order to access this benefit and payment will be accorded as per the Scheme Rules. Please note that your cover includes either a PCR or an Antigen test, but not both in one diagnosis. This is a pathology test and the results will be either positive or negative.
COVID-19 Access to Care

COVID-19 PCR Test OR Antigen Tests (Please refer to the Medshield PMB Guide for more detail)

- 1st COVID PCR or Antigen test included in Overall Annual Limit (OAL), whether the result is positive or negative. (Please read below as well)
- 2nd and subsequent negative PCR or Antigen tests are paid from your Savings or Day-to-Day limit. If these are depleted you will be liable to pay out-of-pocket for these tests. Please note for reimbursement you would need to have been referred for testing by a registered healthcare practitioner (Doctor or Nurse) due to having signs and symptoms attributable to a COVID-19 infection. The aforementioned excludes tests for travel purposes.
- 2nd and subsequent positive PCR or Antigen tests are funded from your available Day-to-Day benefit or Savings first, and if depleted from OAL because a positive result is PMB eligible.

You should email the positive results to member@medshield.co.za and then the pathology test will retrospective be paid as a PMB from Risk. You need to complete a PMB Application form to apply for related benefits to be paid from Risk (Clinical Protocols apply). Please note for reimbursement you would need to have been referred for testing by a registered healthcare practitioner (Doctor or Nurse) due to having signs and symptoms attributable to COVID-19 infection. The aforementioned excludes tests for travel purposes and non-symptomatic COVID-19 infections.

- The Day-to-Day limit is an allocation to members from Risk. Therefore the COVID-19 treatment as a PMB will pay from your Day-to-Day limit until it is depleted and will then continue to pay from Risk (OAL). You need to complete a PMB Application form to apply for related benefits to be paid from Risk otherwise you might be responsible to settle the costs once your Day-to-Day benefit is depleted (Clinical Protocols apply)

- Personal Medical Savings Accounts consist of actual contributions received from members, and therefore the costs of 2nd, and subsequent, positive tests will be retrospectively reviewed for possible reimbursement to the Savings account. You need to complete a PMB Application form to apply for related benefits to be paid from Risk (Clinical Protocols apply).

### Fraud

Fraud presents a significant risk to the Scheme and members. The dishonesty of a few individuals may negatively impact the Scheme and distort the principles and trust that exist between the Scheme and its stakeholders. Fraud, for practical purposes, is defined as a dishonest, unethical, irregular, or illegal act or practice which is characterised by a deliberate intent at concealment of a matter of fact, whether by words, conduct, or false representation, which may result in a financial or non-financial loss to the Scheme. Fraud prevention and control is the responsibility of all Medshield members and service providers so if you suspect someone of committing fraud, report it to us immediately.
