Information Manual

Prepared in terms of section 51 of the Promotion of Access to Information Act 2 of 2000

1. Foreword

1.1. Introduction

The Scheme is committed to the observance and compliance with the directives of the South African Constitution and all relevant national legislation which endorse the key principles of good corporate governance, transparency and accountability within private and public bodies.

The Promotion of Access to Information Act No. 2 of 2000 (PAIA) gives effect to carry out section 32 of the South African Constitution, which focuses on the right to access information, wherein everyone has the right to access to information held by the state or a private body to enforce a culture of transparency and accountability.

Section 51 of PAIA obliges private bodies such as the Scheme to compile a manual to enable persons to obtain access to information held by such private body and stipulates the minimum requirements that the manual has to comply with.

This manual constitutes the Scheme's POPIA and PAIA Manual. This Manual is compiled in accordance with section 51 of PAIA as amended by the Protection of Personal Information Act, 2013 (POPIA). POPIA promotes the protection of personal information processed by public and private bodies, including conditions to establish minimum requirements for the processing of Personal Information. POPIA amends certain provisions of PAIA, balancing the need for access to information against the need to ensure the protection of Personal Information.

1.2. Scope of the Manual

The scope of this manual includes Medshield Medical Scheme whose nature of business is the operation of a self-administered medical scheme within the Republic of South Africa.

In accordance with principals of PAIA and POPIA, the purpose of this Manual, is to:

- promote the right of access to information,
- foster a culture of transparency and accountability in the Scheme by giving effect to the right of access to information;
- detail the procedure to be followed by a Requester and the manner in which a Request for Access to information will be facilitated; the purpose for which Personal Information may be processed;
- provide a description of the categories of Data Subjects for whom the Scheme Processes Personal Information;
- indicate the categories of Personal Information relating to such Data Subjects; and
- advise the recipients to whom Personal Information may be supplied.

The scope of the manual is limited to the records held by Medshield Medical Scheme.

1.3. Availability of the Manual

A copy of this manual is available to the public for inspection on the Scheme's website at www.medshield.co.za or on request from the Information Officer as set out in this manual.
